

Business Support on Your Doorstep

Kavala, 22 July 2013
Ref. No.: 9980

KAVALAEXPO 2013
OPPORTUNITIES FOR DEVELOPMENT
A LEAP INTO THE FUTURE

Dear Colleagues and Friends,

It is our great pleasure, once again this year, to inform you that the Chamber of Kavala is organizing the 21st Annual Exhibition **KAVALAEXPO 2013**. The official opening of the fair will take place in the evening of Friday, 27/9 and the exhibition will be in operation from Saturday 28 September through Wednesday 2 October, in the «Apostolos Mardiris» Exhibition & Conference Centre in Nea Karvali, Kavala.

We invite you to visit our exhibition or to consider hosting a pavilion with products or promotional literature. We also kindly ask you to promote our exhibition to prospective visitors and exhibitors or participants to our business-to-business matchmaking events. On Saturday, 28 September, the Enterprise Europe Network service of our Chamber will be hosting a Brokerage Event for business participants and will also be receiving Company Missions within the framework of the European Commissions SME Support Programme.

As you can see from our fully updated exhibition portal - www.kavalaexpo.gr - the purpose of our exhibition is to present products and services to visitors from Northern Greece and also organizations and companies that visit our exhibition from the Balkans, the Black Sea area and the Eastern Mediterranean. Traditionally, we have many visitors from Bulgaria, Romania, Cyprus, Serbia and Turkey. In the past we have also received American, Armenian, Albanian, Polish, Russian, Ukrainian and Egyptian visitors. Indicatively, we mention certain categories of products that will be exhibited: foodstuff, read-to-wear, shoes and leather goods, jewelry, furniture, indoor-outdoor window and door frames, household goods, marble, chemical products, construction materials including heating devices, etc. Services promoted include energy consulting, tourism, real estate, computing technologies, printing, NGOs, public and municipal services, etc.

The benefit to international exhibitors and visitors is that they have the opportunity to take part in the most significant economic event of the year for our area. Our Chamber promotes and publicizes the exhibition, we organize parallel events of a cultural and economic nature, we are actively inviting corporate sponsors – all in an attempt to further upgrade our fair. Also, visitors to our city will benefit from special rates at area hotels. A brief visit to our web site www.kavalaexpo.gr will convince you as to the beauties of Kavala that one ought to visit.

Our Chamber staff is available for any and all further information (Contact - Souzy Mavrommati, Director [ext 4], Olga Kazianis, Head of International Relations [ext. 2] or info@kavalaexpo.gr).

I am looking forward to welcoming you,

Sincerely,
Angelos Tsatsoulis
President
