Dear Reader,

This issue of our Members' Activities Newsletter is full of profiles and updates on the activities of new and existing members. The announcement of the upcoming **Business Delegation to the United Arab Emirates (20<sup>th</sup>-27<sup>th</sup> November 2015)** represents another attempt to provide our members and non-members with better promotion and exposure of their businesses. The UAE have been a favourite destination for many Greek businesses and we hope that this trip with direct B2B meetings will further enhance the business relations between Greeks and their Emirati counterparts.

Responding to the demands of the infrastructure works and construction projects, the "**Engineering, Construction & Building Material Directory**", due for publication by end November 2015, is another opportunity for Greek and Arab businesses to promote their products and services and engage in the creation of new partnerships and cooperations.

A word of thanks goes to our sponsor of this issue, our esteemed member **Kontoveros S.A.**, a company in the line of quality seafood products, presenting their latest business unit, **Corealis**, with its state-of-the-art boutique shops, specialized in Deep Frozen Fish and luxury seafood from all over the world.

As our Special Insertion for this issue, we are presenting our member, **Syrios** company, a family business from Tripoli, Greece, with a long history in the heating industry and in the production of cast iron and steel wood-burning stoves and fireplaces, according to the highest standards.

*We wish you an enjoyable read.*

**Harris Geronikolas**

*President*

**Rashad Mabger**

- Pre-fabricated Buildings
- Putty
- Scaffolds
- Staircases

All interested companies in these sectors are invited to grasp the opportunity to participate in this Directory and take advantage of the Chamber's quality services, activities and events.

To obtain the related documents, **PLEASE PRESS HERE**

Deadline for submissions: **Friday 30 October 2015**

For more information, please contact [chamber@arabgreekchamber.gr](mailto:chamber@arabgreekchamber.gr)

In continuation of its distinguished services to its members and to the Greek business community at large, the Arab-Hellenic Chamber of Commerce and Development is pleased to announce the organization of a

**Business Delegation to the United Arab Emirates  
20-27 November 2015**

**For the first time, the visit will cover  
4 Chambers of Commerce in 4 cities of the UAE:  
Ras Al-Khaimah, Ajman, Sharjah and Abu Dhabi.**

In these four Chambers, **B2B meetings in all business sectors** will take place between the Greek participants and their Arab counterparts.

The United Arab Emirates represent one of the most vibrant and diversified economies in the Middle East and are a hub for re-exportation to neighbouring countries and Africa. The competitive edge and the flexible legislation make the United Arab Emirates one of the most attractive countries for business activity.

This Business Delegation is an opportunity to strengthen the ties and create new partnerships and cooperation between the Greek and Emirati businessmen.

For more information, terms and conditions,  
please contact us at [chamber@arabgreekchamber.gr](mailto:chamber@arabgreekchamber.gr)

**Deadline for submission of applications:  
Friday 16 October 2015, at 14:00**

**Do not miss the opportunity to participate!**

Steel and Cast Iron  
Wood-Burning Stoves and Fireplaces

مواد تدفئة (بالوقود الخشبي) من الحديد الصب والفولاذ

Syrios heating appliances are environmentally friendly. The main resource is wood which ensures environmental and economical use.

Syrios heating appliances are fully certified by accredited laboratory according to the security and energy protocols.

[www.syrios.eu](http://www.syrios.eu)

Syrios heating appliances are 100% greek products designed and manufactured in our factory, located at the Industrial Area of Tripoli

Syrios family has begun its activity in heating sector since the half of the last century. It was just after the war when the two brothers, Constantine and Stavros Syrios, listened for the heating requirements of those difficult years and began timidly to make their first wooden stoves, initially by using poor means and hand tools and later with more modern production tools.

After 1990, Andreas Syrios, the follower of this tradition, revived the company, modernized its philosophy and structure while he improved its products. The first products that he produced were stoves made entirely of cast iron and later, in 1996, he began the production of wood fireplaces made only of cast iron or of cast iron in combination with steel. Nowadays, the company's products occupy a leading position in the Greek market and the brand name Syrios has become identical with the innovative quality and absolute reliability in heating sector.

In 2000, Syrios company was transferred into its new privately owned facilities of 4.750 m<sup>2</sup> in the Industrial Area of Tripoli by investing simultaneously in high tech equipment for metal processing. Nowadays, we continue our uptrend and we market new and advanced energy products, fully certified according to the international standards of performance and safety

لقد بدأت عائلة سيربوس نشاطها في مجال التدفئة منذ منتصف القرن الماضي كان ذلك بعد الحرب مباشرة، حين أصغى الأخوان كونستندينوس وستافروس سيربوس إلى متطلبات التدفئة في تلك السنوات الصعبة ، وباشرا ويمحاولات خجولة تصنيع أولى المدافئ التي تستخدم الخشب وقودا. في البدئ كانت الوسائل متواضعة والأدوات يدوية ، وتطورت فيما بعد إلى أدوات إنتاج حديثة

بعد عام 1990 أعاد أندرياس سيربوس ، ومن تبعه في هذا التقليد الموروث ، إحياء الشركة وتحديث فلسفتها وبنائها بينما كانت تطورمنتجاتها وتحسنها. كان أول إنتاج أنتجه مدافئ بكاملها من الحديد الصب ، وبعد ذلك وفي عام 1996 بدأ بصناعة مواقد تدفئة مصنوعة من الحديد الصب فقط أو من الحديد الصب والفولاذ . تحتل منتجات الشركة اليوم مكانة قيادية في السوق اليونانية ، وأصبح اسم سيربوس علامة تعريف وهوية للجودة المبتكرة والمصداقية المطلقة في مجال التدفئة

انتقلت شركة سيربوس Syrios Company في عام 2000 إلى منشأتها الجديدة التي تملكها ومساحتها 4.750 مترا مربعا في المنطقة الصناعية في تريبوليس ، حيث قامت في الوقت ذاته ، باستثمارات في التكنولوجيا العالية وفي معدات معالجة المعادن . ونحن اليوم لا نزال نواصل مسيرتنا صعودا ، ونطرح في السوق منتجات حديثة في مجال الطاقة ، هذه المنتجات حائزة على شهادات وفقا للمعايير الدولية فيما يختص بالأداء والسلامة

## GAP S.A.

### Creating value from design to production

GAP is a major manufacturer of pharmaceuticals established in 1949. The company applies soft gelatin capsule technology since 1970's as the only such manufacturer in Greece.

GAP's facilities cover 5.500 m<sup>2</sup>, which include the areas of production, technical support, quality control, research and development and storage. We can provide encapsulation services for any formulation that is compatible with soft gelatin capsules (pharmaceutical formulations, highly toxic drugs, hormones, vitamins, food supplements and cosmetics).

### GAP's EU-GMP facilities provide:

- Soft capsule Production Lines for pharmaceuticals, food supplements and cosmetics.
- Soft capsule Production Line for highly toxic drugs and hormones.

### SERVICES

GAP relying on its experience in soft manufacturing technology, can offer cost-effective and flexible contract manufacturing services in the following areas:

- Product and formulation development.
- Purchase of API & Excipients from certified suppliers according to customer's requirements.
- Chemical and microbiological testing of raw materials and final products according to current pharmacopoeias (Eu.Pharm, USP, etc.).
- Analytical development and method validation.
- Pilot-scale production required for the product development and stability testing.
- Soft capsules in various shapes, colours and sizes in accordance with customer requirements.
- Provision of all necessary documentation and certificates required by the customer's market regarding specific requirements.
- Stability studies, taking into account the customer's market climatic conditions (Stability Zones).
- Detailed production records for each batch available to customer upon request.
- Competitive lead times and immediate response to extra orders.
- Flexible and on time delivery (from 'ex works' to 'warehouse to warehouse').

## **SIDAPHARM** **Medical Disposables**

Sidapharm was founded in 2001 and is a CE-certified manufacturer of many ophthalmic products such as:

- Intraocular lenses (IOLs)
- Ophthalmic microsurgical knives
- Ophthalmic cannulas
- Viscoelastic solutions
- BSS
- Cataract kits and
- Ophthalmic instruments.

Based in Thessaloniki, Greece, a city which connects Europe with Asia, Middle East and Africa, the company managed to take advantage of its location, expand its network and build strong collaborations through these continents.

Nowadays, Sidapharm has presence in more than 30 countries, mostly through very dynamic and reliable distributors. Our focus is on investing in long-lasting partnerships and on that ground we assist our distributors in every possible way, to become competitive and win every day bigger market shares.

## ACE-HELLAS S.A.

### Company Profile

**ACE-Hellas SA**, founded in 1979 and member of the Quest group, is one of the largest providers of integrated solutions and a leader in **structural design, engineering and sustainability software solutions**. A series of acquisitions, strategic partnerships and investments have helped ACE-Hellas to become one of the fastest growing hi-tech solutions providers with deep knowledge of the market, strong know-how and solid financial structure. Key customers across Europe are using ACE-Hellas software to reliably turn their ideas into successful projects. Strong partnerships over the years with multinational companies like HP, Autodesk, Contex and other, have enabled the company to grow a customer portfolio of over **7500 enterprises**. Solid investments in Research & Development have established the company as the leading innovator in the architecture, building and construction industries. The company has built an extensive distribution and channel network in **Europe and Middle East**. The company is certified by Bureau Veritas with **ISO 9001:2008**.

### Core Business Portfolio

ACE-Hellas **specializes in CAD solutions** for the architecture, engineering and construction (**AEC**) industries and offers a comprehensive end-to-end solution for its customers, building a safer world. Its **flagship product is SCADA Pro** ([www.scadapro.com](http://www.scadapro.com)), a complete and comprehensive application for **static and dynamic analysis** and design of structures of reinforced concrete, steel, composite, timber, and bearing masonry, according to **Eurocodes and Saudi Building Codes**. It uses the most advanced finite element modelling methods combining linear and nonlinear analysis. The innovative and revolutionary interface, in combination with advanced commands and the most modern and powerful solvers for all analysis methods, offers to structural engineers, an integrated high performance tool for the static and dynamic analysis and design of structures.

## VERNICOL S.A.

### Company Profile

The history of Vernicol starts since 1968 and initially was focused on road marking production and gradually develops its operations. Our group is highly profitable, with operations, partnerships and subsidiaries in several European countries. For sure we know how important is the duration in business and we prove this every day in our long term history. Our staff is highly motivated, well-educated showing confidence to the company's visions and targets. The most important ingredient is our dedicated leaders who remain faithful during the years.

Starting from road marking materials, we produce ourselves all kind of material types, such as acrylic paints, alkydic paints, as well as, ecologic paints, thermoplastic and cold plastic materials. Those products are applied to various types of surfaces and are ideally for markings type I and type II. We would like also to underline that all our products conform to international standards and are certified from international organizations like Bast in Germany, Aetec in Spain and State laboratory of public projects in Greece.

Vernicol S.A. also focuses on shot blasting applications as another field of activity both to highways and to runways. In particular, our company operates in the following areas:

- Friction improvement by creating slip resistant asphalt. It is applied in both highways and airport runways
- Road marking removal at the asphalt. It is applied in both highways, airport runways and industrial sites
- Removal of aircraft tire residues from airport runways

Our companies are equipped with machinery of the latest technology and more specifically includes marking vehicles from company Graco, shot blasting from company Blastrac, water blasting and steel blasting vehicles.

## BRITISH PSYCHOLOGICAL SOCIETY ACCREDITS THE MSc HEALTH PSYCHOLOGY OFFERED AT CITY UNITY COLLEGE IN COLLABORATION WITH CARDIFF METROPOLITAN UNIVERSITY

The postgraduate programme MSc Health Psychology offered at City Unity College, Athens, in collaboration with Cardiff Metropolitan University the first postgraduate programme outside the UK to be accredited by British Psychological Society (BPS), the representative body for psychology and psychologists in the UK. The accreditation event was successfully held in the premises of City Unity College in Athens with a panel of visitors from the BPS in attendance. The panel, after meetings with academic staff, students and management members of both City Unity College and Cardiff Metropolitan University proceeded to accredit the programme.

The BPS accreditation is important for Psychology programmes and students alike. It is aimed at getting the best out of programmes, through promoting psychology as a science, ensuring quality and providing solution-focused support, and gives graduates the opportunity to gain Graduate and/or Chartered Membership of the Society.

**City Unity College**  
City Unity College offers undergraduate and postgraduate programmes in cooperation with American and European Universities. The qualitative education combined with flexible ways of studying offered by City Unity College leads to academic degrees of high value recognized by the international employment market

**The degrees are awarded to students by the collaborating Universities.**

## Mideast is once again "Greece's Leading D.M.C."

The award **"Greece's Leading Destination Management Company 2015"** was given by the international institution of World Travel Awards to Mideast Travel for the second consecutive year. The top distinction was realized during the glorious ceremony that was held in Sardinia on Saturday, September 5<sup>th</sup>. This institution counts already 22 years and its awards are considered as the most important of the tourism field, as they constitute a proof of superiority in a global scale for each winner.

The distinction as **"Greece's Leading Destination Management Company 2015"** is, primarily, due to the work of Mideast people, who offer high level of services to each customer and each partner, sincerely caring, from the company's establishment in 1983 until today. Through this customer-centered philosophy, the company gained a valuable clientele as well as a strong network of partners that push Mideast higher every day.

Mrs. Katerina Mousbeh, Mideast Owner and Managing Director, stated: "The joy and honour that we feel receiving this award for the second consecutive year are indescribable. Nonetheless, we would like to highlight that we wouldn't be here today if it weren't for our wonderful team, as well as our clients and partners that prove their trust in us every day, by supporting our every move. We wholeheartedly thank each and every one and we commit to continue to offer high level services."

# Gulf Air Opens New Sales Office in Athens

Gulf Air, the national carrier of the Kingdom of Bahrain, officially opened its new sales office in Athens this month. The modern sales office is conveniently situated in a prime location in the center of Athens near Sydagma square. Boasting a fully renovated and specially designed space that caters to customers' needs the Gulf Air office has dedicated departments and personnel to manage passengers' ticketing and sales requirement and respond to any general enquiries.

The airline's Athens sales office is located at 34 Filellinon Street & 30 Amalias Ave. (entrance), 10558 Athens, Greece. Open Monday to Friday from 0900 - 1700, and on Saturday from 0900 - 1300, the office is easily accessible by car and public transportation.

Gulf Air operates 4 weekly flights to and from Athens International Airport, passengers can book tickets at [gulfair.com](http://gulfair.com), or through Gulf Air's 24 hour Worldwide Contact Centre on (+30) 210-322-0851 or by visiting dedicated Gulf Air offices and approved travel agencies.

## About Gulf Air

Gulf Air, the national carrier of the Kingdom of Bahrain, commenced operations in 1950, becoming one of the first commercial airlines established in the Middle East. Today, Gulf Air is a major international carrier serving 43 cities in 24 countries spanning three continents. The airline operates one of the largest networks in the Middle East, with double daily flights to over 10 regional cities, from its hub at Bahrain International Airport. Gulf Air serves all its destinations with a combination wide and narrow body fleet totalling 28 modern aircraft. Renowned for its traditional Arabian hospitality, evidenced by the airline's signature family and business friendly products, Gulf Air is committed to being an industry leader and developing products and services that reflect the evolving needs and aspirations of its passengers.

Gulf Air connects Bahrain to the world and, as such, is a key national infrastructure asset, serving as a powerful driver for the economy and supporting the Kingdom's on-going economic growth.

Gulf Air was the Title Sponsor of the 2015 FORMULA 1 GULF AIR BAHRAIN GRAND PRIX and the Official Airline of the Bahrain International Air show 2014.

## Algean Property: More confidence in the property sector in 2015

George Eliades

On the 09<sup>th</sup> of September, 2015, George Elias Eliades Managing Partner of **Algean Property**, shared his expertise and experience about the high end real estate market in Greece and its major growth possibilities, with Al Arabiya TV. The leading news station in the Arab world. (*Al Arabiya part A, Al Arabiya part B*)

Having spent a considerable amount of time in market research. Investors are now ready to move forward in investing on high end properties. This explains, as Mr. Eliades states, the increase in incoming requests to the company, Algean Property, following the Bailout agreement in August. While, in general terms, property prices have fallen by 30-40% and in some cases even lower, holiday homes in prime holiday locations retain their current value due to strong interest of holiday rentals.

Branded destinations such as, Mykonos and Santorini are in very high demand, especially from EU residents. In contrast, investors from the Middle East have focused their interest on the Athenian Riviera and Porto Heli. Other sought after destinations, according to the latest estimates, are Crete, Rhodes and Halkidiki.

There has also been a considerable increase in requests coming from US citizens, mainly because of the strengthening US Dollar. The decline in Greece's real estate prices over the last five years has also created vast investment opportunities and thus a major contributing factor to the growing US originated interest.

Mr Eliades, also, supported the position that in order for the foreign investors to enter the market, the State needs to address the need of a more stable legal and tax framework.

Algean property is a full-service property company focusing on the Hellenic market and other select opportunities in the EMEA region. Its expertise lies in the luxury residential and high-end hospitality development sector. We provide property search, acquisition assistance, valuation services and real estate research for individual private investors, potential homeowners, developers and investment funds.

The Algean Property is a member of Algean Group, a group that operates and invests in innovative business models.

## **NEW SKAG PRODUCTS with augmented reality !!!**

SKAG is proud to introduce the NEW innovative educational SKAG AR BUGZ line of “smart” stationery products.

Essentially paper stationery products, they enhance their traditional appeal by working hand-in-glove with smartphones and tablets.

These binders and subject notebooks feature high-quality, glossy printed covers that come to life on-screen with the help of an augmented reality application we have developed in-house for educational purposes.

Each SKAG AR App comes in iOS and Android versions and is available for download free of charge.

The combination of stationery and smartphone or tablet makes for quality, exciting entertainment on quality, durable and environmentally-friendly stationery. It’s a winning combination that offers a new way of looking at school and office supplies!
