

Dear Reader,

Welcome to the second issue of our Members' Activities Newsletter. Reaching December, one cannot but reflect on the year that's drawing to its end. Indeed it has been a year full of activities and events for the Arab-Hellenic Chamber of Commerce and Development, in which we saw active participation by most of our members, as well as many newcomers. 2015, the year of our 35th Anniversary since the establishment of our Chamber, will witness the convening of the 4th Arab-Hellenic Forum and other high-quality activities, all in the aim of serving our members in the best possible way.

In this issue, we have included a special insertion on **PIMA Group**, another Arab investment in Greece with potential for growth and expansion. This investment is adding up to the long and successful history of Arab investments in Greece, which is a clear reflection of the degree of excellence of relations between Arabs and Greeks. While we are witnessing that Arab investments are on the rise in Greece, one hopes that Greek businesses will also eye and take advantage of the abundance and the potentials of numerous investment opportunities in the whole of the Arab world as well.

We are very pleased with the encouraging response from our members for participation in this Newsletter. Equally we are pleased with the positive feedback and suggestions we have received so far. Last but not least, we thank all Arab Federations and Chambers of Commerce for their kind cooperation in circulating this Newsletter to all their members.

**MIDEAST TRAVEL WORLDWIDE**, one of the shiny names in the travel and tourism industry in Greece, is sponsoring this issue and we seize this opportunity to thank them for their continuous support.

✦✦✦ We wish you all Happy Holidays and ✦✦✦  
a peaceful and prosperous 2015.

**Harris Geronikolas**  
President

**Rashad Mabger**  
Secretary General

## Arab investments in Greece: another success story

*"Greek companies have successfully managed many infrastructures and other projects in the Arab world; equally, Arab companies operating in Greece have been some of the early pioneers in investing in Greece. Their success is a clear indication of how we can work side by side for our mutual benefit."*

**Adnan Kassar**

Honorary President

General Union of Chambers of Commerce,  
Industry & Agriculture for Arab Countries

### PIMA GROUP

PIMA Group represents the recent Arab companies investing in Greece in various Greek locations and regions.

The Group is focusing on investments and development in Greece and other European Countries. As the owners of buildings, parts of lands and islands, their team and the most Professional services in the market guarantee the success of their projects. They undertake construction, renovation and fit-out projects for buildings, malls, com-

plexes and super markets.

They offer their clients a quality service that is both competitive and cost-effective. They cooperate closely with International Greek and Arab-based interior designers, architects, engineers and project managers. This close collaboration allows them to consistently deliver projects of exceptional standards and quality. They pride themselves on delivering the most professional service in the market and ensuring that our client's needs are satisfied

at all times. Their track record of successfully completed projects is testament to their dedication to respect their commitments and agreements, maintain their credibility in the market.

**PIMA MAR S.A.** and **PIMA S.A.**, two subsidiaries of PIMA Group, have undertaken property development projects in Corfu and Mykonos of the highest standards. They are currently interested in expanding in other areas of Greece.

## PIMA GROUP

**Contact:** 14, Vasilissis Sofias Ave. , P.O. 10674, Athens – Greece  
Tel.: +30 210 608 5892, +30 210 724 9968, Fax: +30 210 609 0701

<sup>1</sup>: As cited in Arab Hellenic Chamber of Commerce and Development, 1st Export, Services & Investment Opportunities Directory 2014/15, Athens, April 2014.

## **CAPRICE S.A.,**

another subsidiary company of the Group, is the owner of a carpet mosaic construction factory in a property of 6,000 sq. meters. The factory, located in the area of Kalyvia, Markopoulo, has a dynamic, highly qualified personnel, for the construction of carpet mosaic products and marble products. So far, they have been working with special orders upon demand and they will be operating in full capacity by September 2015.

**CAPRICE S.A.**, is also the owner and developer of several properties, most notably the new and already popular MANDALOUN Restaurant in the area of Chalandri, Athens and Offwhite, the new café-restaurant of Aioulou street, in the historical center of Athens. It is an evidence of the Group's success that the restaurant opened its doors at a time when the neighboring roads were only filled with company buildings and commercial shops. After Mandaloun's appearance in April 2014, the surrounding area has been bustling with life and witnessing a rise in the opening of similar eateries and cafeterias.

The restaurant's philosophy is simple: to take diners on a journey of the senses through exquisite flavors and smells, offering high quality food in a welcoming setting reminiscent of the eastern Mediterranean culture, where hospitality is the key.

The food – from the vegetables to the meat – is fresh and carefully prepared on the spot before being served in stylish copper cookware.

The range of spices and a rich tea collection on display are among its signature items.

With its tall ceiling and open kitchen, diners have a magnificent view of Mandaloun's large wooden oven as well as the chef and his team at work making use of their excellent cooking skills and imagination to produce traditional dishes – with a twist.

***At the end of the day, Mandaloun is a place where Civilization meets through the love of good food.***

## EL-TRANSLATIONS

### Your Language Expert

EL-TRANSLATIONS, based in Athens, aims to provide its clients with high quality specialised translation and conference interpretation services.

### We issue certified translations of:

- Business, legal and financial documents
- Advertising and marketing material
- Websites
- User and operating manuals
- Product Information
- Other documents and files

All translations pass through a two-tier system of translation - initial translation, editing and proofreading - to ensure cultural accuracy. Where required we adopt additional quality controls in order to align with client-side process.

If you are doing business in our region, we also translate from Arabic, Greek, English, French and German into all Balkan and South Eastern Europe languages (Albanian, Bulgarian, Romanian, Serbian, Turkish etc.) and vice versa.

### Interpretation

If you are looking for professional conference interpreters or need interpretation for a meeting or visit, choose from our various types of *interpretation*. Our interpreters work in Greece, Europe and anywhere else in the world upon agreement.

### Other Linguistic Services:

- Websites and software localisation
- Subtitling and voice-over

### Why us?

- Experienced professional linguists working into their mother tongue
- Competitive prices and quality work
- Sworn and certified translators
- Confidentiality: Your security and peace of mind is paramount to us. We will gladly sign a confidentiality agreement with you.
- Once a deadline is agreed, we never miss it.

## NIKOS ZOULAMOPOULOS

The construction company of civil engineer Nikos Zoulamopoulos is based in Gialiskari of Kea (also known as Tzia) providing high quality construction services since 1990. In collaboration with specialized architects, the company is involved in the construction of independent holiday houses and residential complexes and provides ready-made constructions or custom constructions, according to your needs. Some of the constructions are also available for rent.

The design of houses follows the local architectural elements (stonework, fireplace, paving, pergolas), while the construction completely satisfies the modern demands, providing a wide range of options from simple retreat to a luxurious holiday home with pool.

The location chosen for the construction of houses are the most beautiful, with unlimited view, easy access to the beach and within a short distance from Kea's port. Kea island is ideal for acquiring a holiday home. It is just one hour away from the port of Lavrion and one and a half hours in total from Athens International Airport.

## **LAW FIRM EFTHYMIOS G. NAVRIDIS & ASSOCIATES**

Our law firm has been successfully involved in litigation and the provision of legal advice for many years now, and constantly sets itself new targets within Greece and abroad, to provide more comprehensive, beneficial support to its clients.

The law office was established in 1984 by Efthymios G. Navridis who initially focused on civil law, and then with the aid of an experienced staff extended operations into other fields of law. Recently, Efthymios G. Navridis and Associates Law Firm was also established in October 2014. The firm proved itself to be an office capable of providing its clients with comprehensive legal support, a continuous improvement in the level of services offered and an ever-growing portfolio of new services. Since 2009 the firm in Athens has held ISO 9001/2008 certification provided by the international certification body TUV Hellas (a member of the TUV Nord Group) to ensure that its operations are in line with the specifications and requirements laid down by the international standard. This certification confirms the quality of the services we offer our clients.

We view the profession of lawyer not as some static profession but as an endless horizon, within which we are constantly re-examining objectives and potential, and preparing plans that could be implemented, utilising legal thinking and employing knowledge of the law. In this context, we are always seeking to develop mutually beneficial international partnerships. The result of this is that today along with our office in Athens, we have a dynamic presence in Bucharest where we have a fully-equipped office in the heart of the city staffed by a Greek-speaking team, as well as in Tirana and Pristina. On November 18th 2012 a Cooperation Memorandum was signed in Dubai between "ADAM Consulting" and our firm by the power of which we are already representing "ADAM Consulting" in Greece, Rumania, Albania and Kosovo. We also collaborate with some of the largest, most respected firms in Istanbul, Nicosia, Dubai and Erbil, having built up close relations with them so ensure prompt, responsible, appropriate service for our clients.

## MIDEAST TRAVEL WORLDWIDE

### Mideast supporting Greek initiatives that further boost our country's tourism product

Mideast Travel Worldwide participated as an exhibitor in the first **Greek Tourism Expo** that took place **from 5th to 7th of December at Metropolitan Expo**. The company participated in B2B meetings with selected foreign tourism factors from the Arabic countries and other markets, promoting the tourism product called Greece.

The exhibition was aiming to dynamically present all the kinds of classical and alternative tourism offered by Greece, and as such Mideast's presence was absolutely important.

Always setting as its priority the **promotion of the country and its modern infrastructure** through targeted actions and presence in exhibitions around the world, Mideast embraces and supports every remarkable Greek initiative. By actively participating, Mideast hopes for the **establishment of a world-famous tourism exhibition institution in Greece** for the years to come.

## ANTAEA MEDICAL SERVICES LTD

### "ANTAEA Medical Services Ltd. teams up with MedScinet AB in clinical trials expertise"

**ANTAEA Medical Services** in Greece set out to create a local CRO in 1998. Through diligent work our staff achieved exceptional reputation, increasing business and consequently growing client expectations. Nowadays, **ANTAEA** offices and local personnel cover **Balkans** and **MENA Region**. **ANTAEA** ensures with strategic partnerships not only **local presence** but services of the highest quality.

Recently, **ANTAEA Medical Services** Ltd has joined forces in **Strategic Alliance with MedSciNet AB** of Stockholm, Sweden, to address the ever increasing needs of Pharmaceutical and Biotechnology companies to outsource their clinical trials to highly skilled partners who offer expertise, experience and advanced management as well as technological solutions at cost effective rates.

While ANTAEA will support MedSciNet AB with its **market development strategies in Southeast**

**Europe, North Africa, Middle East** and the **Gulf Area**, MedSciNet AB will provide **world class IT solutions and technical expertise** to ANTAEA and its customers. Both companies agreed on co-development of models that will maximize effectiveness and efficacy of clinical trials as well as reduce the costs for clients. ANTAEA and MedSciNet AB strongly believe that the interests of both businesses are best served by their joint synergies and collaboration in the global market place.

Professor Magnus Westgren, Chairman of the Board of MedSciNet, comments the agreement: *"We are looking forward to this joint project with great potentials for the future of both companies."*

*"As a CRO strongly believing in added value of advanced technologies in early decision-making as well as shortening time-to-market in drug development, we welcome this Strategic Alliance as a major step in service improvement for the clients of both our companies",* says John Roussos, MSc MedPhys, CEO of ANTAEA Medical Services Ltd.

## KLEEMANN HELLAS S.A.

KLEEMANN is a Greek company and one of the leaders in the European and international market in the vertical transportation sector. It started operating in 1983 with head offices based in Kilkis, Northern Greece. The company currently operates manufacturing units in Greece, China and Serbia and sales offices in 13 countries. It exports to more than 95 countries, and it holds the 2% of the global elevator market. The company has developed a highly important presence in the Arab world, exporting to almost all of the Arabic countries.

In 2010, expanding its already intense activity in the area, KLEEMANN opened its sales office in Dubai, followed, four years later, by one sales office in Saudi Arabia. With a series of very important projects during those last years, the company has managed to successfully penetrate the market and get established as one of the main players.

More recently, KLEEMANN provided 4 tractions MRL elevators Duplex of 8 stops and travel speed of 1,6 m/sec for the Fahad University Hospital in Riyadh, on the Kingdom of Saudi Arabia.

To view the wide range of our products and make your own designs, please visit our website, [www.kleemannlifts.com](http://www.kleemannlifts.com), and to make your own designs try our [www.designyourlift.com](http://www.designyourlift.com).

## NEOTEX S.A.

### presents its best-selling product in export markets in 2014: **NEOPROOF PU W**

#### Description

**Water-based polyurethane, waterproofing coating for roofs** when mechanical durability and outstanding waterproofing properties are required. It forms a non-penetrating against moisture film with resistance to UV and mechanical stress.

#### Fields of application

- Roofs made of concrete, cement boards, mosaic, cement slurries
- Rooftops with resistance to stagnant water
- Metallic surfaces after the application of the proper primer (**Vinyfix® Primer** or **Silatex® Primer**)
- New or old acrylic or polyurethane waterproofing layers

#### Properties - Advantages

- Ideal solution for waterproofing walkable roofs
- High mechanical strength
- Applicability and on cloudy days as the final polymerization of the material is done by evaporation, and therefore under shading
- No appearance of holes in the surface during the curing of material
- Protection of polyurethane foam insulation
- Certified with CE
- Eco-friendly (Water-based)
- Resistant to temperatures from -15°C to +80°C (For extreme temperature changes it is available **Neoproof® PU W-40** for temperatures from -40°C to +80°C)
- Easy to apply

*Delivering energy to the world*

Corinth Pipeworks is amongst the world leading steel pipe manufacturers for the Oil and Gas Industry and a major hollow sections supplier for the Construction Sector. Corinth Pipeworks S.A. has half a century experience, the technological superiority and a pursuing excellence philosophy to deliver to its customer's innovative solutions and an overall high performance.

We deliver one of the widest product ranges worldwide based on state-of-the-art investments and continuous improvement of our manufacturing processes.

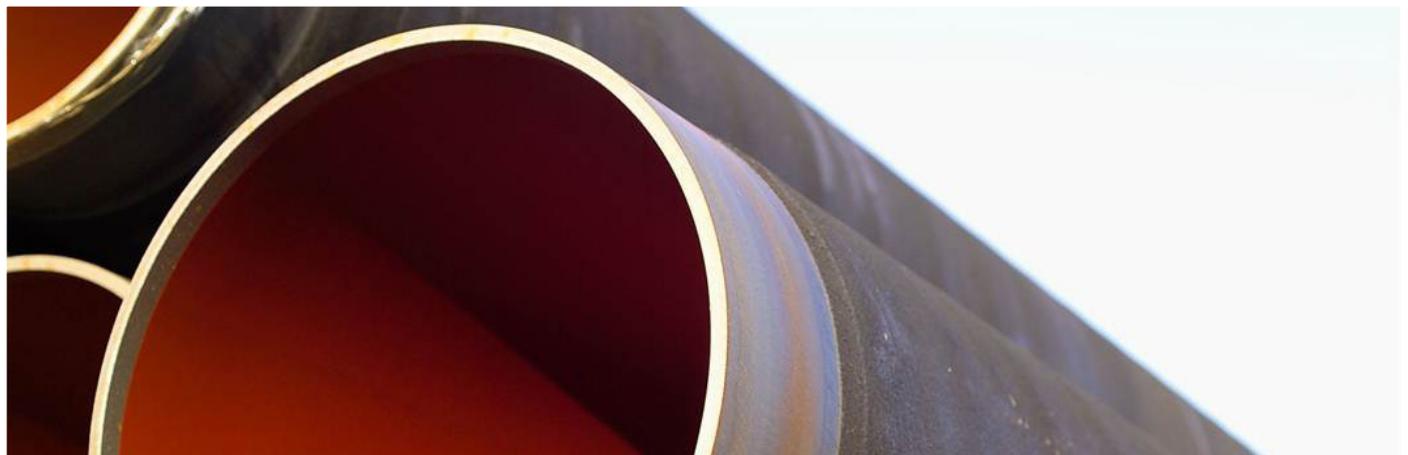

Corinth Pipeworks is a reliable supplier of all the major Oil & Gas companies and International contractors with a long track record of high end projects all over the world.

Part of an ongoing development strategy and aiming to continuous growth CPW announced the signing of a contract with the German Manufacturer of equipment SMS Meer, for the supply of a new pipe mill that will have the capability of producing energy pipes with external diameters ranging from 16" to 56", wall thicknesses of up to 40 mm, pipe lengths up to 18.3m, and Steel Grades up to X100, using the LSAW/JCOE production technique.

The 16"-56" LSAW mill will enhance CPW production range in welded pipes, 26" HFI/ERW and 100" HSAW already been available.

By this planned investment, CORINTH PIPEWORKS S.A. is aiming to capture the fast growing global demand for high strength offshore and onshore energy pipes, which meet very strict quality criteria and thus offering a unique product range, and excellent customer service.

## SPYRIDES S.A.

### THANK YOU FOR YOUR TRUST

**SPYRIDES S.A.** continues its operations with success during the troubled economic circumstances within the last few years. In fact thanks to the trust of our customers, SPYRIDES S.A. managed to considerably expand its turnover within 2014.

This year we equipped with our Automation Systems 1600 Greek petrol stations, being part of a major project of petrol station's modernization.

At the same time we achieved to maintain all our long standing customers in Arab countries across Africa & Middle East and further expand our exports in new markets of Arab world.

**SPYRIDES S.A.** managed to become the major supplier of Fuel Dispensers at almost all Oil Companies in Libya and also exported a considerable number of Fuel Dispensers at major Oil Companies in Egypt.

To combine our sales with highest after sales support, **SPYRIDES S.A.** organized local training in our new Arab customers' facilities by sending experienced engineers, in order the technical personnel of the Oil Companies to get detailed knowledge of our Fuel Dispensers in terms of Installation, Operation and Maintenance.

Finally **SPYRIDES S.A.** welcomed in Greece executive officers of Arab Oil Companies in order to have the chance to evaluate themselves our production plant and facilities in generally and conclude about the high quality equipment and/or services we are able to provide.

**SPYRIDES S.A.** expands its activities continually in new fields and new distributors in Arab world and present itself as a reliable and healthy company.

Once again we wish to thank so much all our Arab customers for their trust.

# **SPYRIDES SA**
