General Outlook:

In coordination with Baghdad Chamber of Commerce, we are pleased to announce the convening of the **“4th Iraqi-European Business & Investment Forum”** on July 10-11, 2019, in Athens, Greece, at the Divani Caravel Hotel. This Forum is an ongoing tradition established as a result of the success of the three previous Forums.

The political and economic developments in Iraq indicate the beginning of a new era of stability and a direction focusing on the mobility of the country's resources with the contribution of more than 85 countries, international financial institutions and major investment companies for the efforts of the re-construction of Iraq and the modernization of its infrastructure. The Iraqi private sector is playing a major role in this process and exerting enormous efforts towards the revitalization of many industries, namely in agri-food, building material, energy, related machinery and equipment are only a few of these industries.

Iraq is gaining momentum as a potential destination to conduct business in the whole of MENA region, thus providing unique opportunities for European and Greek businesses utilizing their advantage in Technology & Know-how to engage in a dialogue with their Iraqi counterparts and enter into constructive and beneficial business partnerships.

The focal points and topics of this Forum will reflect issues of interest with regard to the developments in Iraq and render itself as yet another platform for the Greek and European businesses to network and conduct (B2B) meetings with Iraqi representatives in all business domains.
